What Sets OBXtek Apart

OBXtek's cradle-to-grave, lifecycle logistics services include acquisition support for services and assets; deploying, moving and resetting equipment; budget support; and training.

Our People

OBXtek's logistics professionals possess a profound understanding of the requirements to support U.S. Department of Defense (DoD) and other agencies. OBXtek's logistics team is comprised of acquisition specialists, curriculum developers and trainers, budget and finance experts, and subject matter experts in traditional logistics planning and execution activities.

Our Reputation

Our customers benefit from OBXtek's extensive experience in successfully executing significant projects for the U.S. Marine Corps, Army National Guard of the United States, U.S. Department of Homeland Security, and 10 projects for the U.S. Department of State.

CYBERSECURITY

OBXtek employs experts in RMF and A&A, using proven techniques to eliminate unnecessary risk and protect the confidentiality of your data.

ENTERPRISE IT SERVICE MANAGEMENT

With a Center of Excellence in ITIL, OBXtek has the expertise to accurately scope, design, implement, and manage IT.

IT ENGINEERING

OBXtek delivers a forward thinking, full lifecycle approach of strategy, assessment, architecture, deployment and maintenance.

SOFTWARE, CLOUD AND MOBILITY

OBXtek's flexible CMMI Level 3 approach results in forward leaning, cost-effective and secure applications.

LOGISTICS

From Acquisition Support to Logistics, Training and Professional Services, our Logistics Practice experts turn data into actionable insights to solve real-world problems.

INTELLIGENCE

OBXtek identifies, curates and produces intelligence products that provide valuable, actionable intelligence and enable customer mission success.

Budget Analysis

OBXtek provides planning, programming, budgeting and execution (PPBE) support to DoD. This support includes the definition and examination of alternative strategies, trend analysis, and threat, technology and economic assessments. Additionally, OBXtek personnel help formulate, justify, execute and defend budget requirements.

Acquisition

OBXtek performs the full range of acquisition management support services, including pre-award preparation, post-award preparation, policy and quality assurance, contract administration and management, acquisition project management, financial management, records management and property management.

Training

OBXtek's seasoned instructors teach, assess, evaluate and document student progress through formal evaluation procedures to ensure the intended learning outcomes are delivered. OBXtek has performed extensive training for joint military and interagency projects, which include civilian authorities.
